NON-COVERED SERVICES

✗ Rx Drugs

In basic terms, our plan will cover X-rays, labs, etc. covered by the ACA major medical plan but this plan does not cover the professional fee in the doctor's office. It *does* cover professional fees in the hospital and surgery centers.

Prescription drugs are not covered by this plan. We often recommend GoodRx, which greatly helps to cover prescriptions that do not have a copay tied to the Major Medical Plan.
